

INTERNATIONAL JOURNAL OF PEST MANAGEMENT**Contents****Articles**

- Plant allocation to defensive compounds of transgenic Bt cotton in response to infestation by cotton bollworm under conditions of elevated CO₂
Gang Wu, Fa Jun Chen, Neng-Wen Xiao and Feng Ge 81
- Prospects and challenges for sustainable management of the mango stone weevil, *Sternochetus mangiferae* (F.) (Coleoptera: Curculionidae) in West Africa: a review
Haruna Braimah and H.F. van Emden 91
- Oiketicus kirbyi* (Lepidoptera, Psychidae), a key pest in Peruvian orchards of avocado
Marc Rhainds and Juan C. Cabrera – La Rosa 103
- A review of existing and potential New World and Australasian vertebrate pesticides with a rationale for linking use patterns to registration requirements
Charles T. Eason, Kathleen A. Fagerstone, John D. Eisemann, Simon Humphrys, Jeanette R. O'Hare and Steven J. Lapidge 109
- Performance and population growth rate of the cotton aphid, and associated yield losses in cucumber, under different nitrogen fertilization regimes
Mojtaba Hosseini, Ahmad Ashouri, Annie Enkegaard, Seyed Hossein Goldansaz, Mahdi Nassiri Mahalati and Vahid Hosseininaveh 127
- Variations in *Leptocybe invasa* (Hymenoptera: Eulophidae) population intensity and infestation on eucalyptus germplasms in Uganda and Kenya
P. Nyeko, K.E. Mutitu, B.O. Otieno, G.N. Ngae and R.K. Day 137
- Integrated management of *Striga hermonthica* and cereal stemborers in finger millet (*Eleusine coracana* (L.) Gaertn.) through intercropping with *Desmodium intortum*
Charles A.O. Midega, Zeyaur R. Khan, David M. Amudavi, Jimmy Pittchar and John A. Pickett 145
- Effects of deforestation on attitudes and levels of tolerance towards commensal primates (Cercopithecidae) in Sri Lanka
V. Nijman and K.A.I. Nekaris 153
- Resistance of Mongolian Gerbils (*Meriones unguiculatus*) to chlorophacinone-Na based on blood clotting response tests
Bu Xiao-Li, Shi Da-Zhao, Guo Yong-Wang and Wu Xin-Ping 159
- Factors influencing the adoption of aflatoxin management practices in groundnut (*Arachis hypogaea* L.)
G.D. Satish Kumar and M.N. Popat 165
- Weed-suppressive effects of maize–legume intercropping in organic farming
Dimitrios Bilalis, Panayiota Papastylianou, Aristidis Konstantas, Sotiria Patsiali, Anestis Karkanis and Aspasia Ethimiadou 173
- Induction of host defence enzymes by the endophytic bacterium *Serratia marcescens*, in banana plantlets
A.S.Y. Ting, S. Meon, J. Kadir, S. Radu and G. Singh 183
